

GENERAL GRAPHIC DESIGN AREA OF CONCENTRATION, GRAPHIC DESIGN AAS

Total Credits: 60

Catalog Edition: 2024-2025

Program Description

(R): 304B

The graphic design degree prepares the student for employment in the field of graphic communication. Some students choose to continue their studies and have been successful transferring to four-year institutions with resulting portfolio. Emphasis is placed on the creative application of design principles and problem solving in graphic design and communication, using both traditional and industry standard digital tools. Students interested in pursuing a four-year BFA in graphic design should consider the Graphic Design, AFA Statewide Program: 902 transfer program. **This program can be completed either on campus or online.**

Program Outcomes

Upon completion of this program, a student will be able to:

- Demonstrate solid foundation skills and competency in a range of media, techniques, and knowledge of associated processes to create products for a specified purpose or audience.
- Apply visual problem solving that employs appropriate technical skills and techniques.
- Evaluate the creativity of ideas and concepts for visual communication.
