

Comparison Chart of AP (Advanced Placement) Credits, MC & Sample MD Schools 6-10-2024

Transfer students, take NOTE - not all colleges accept AP test scores in the same way. Check with the transfer school(s) of interest to determine how your AP scores will be accepted as college credit. Some transfer schools require a minimum score of 4 to earn specific course credit rather than LLE = Lower Level Elective credit.

UM College Park accepts AP Scores by the year the AP test was taken, see chart below for specific information.

Note that UM accepts only **two test scores of 3** for AP tests taken in the years of **May 2021 and 2022.**

Consult with UM Pre-Transfer Advisors if you have questions: <https://sites.google.com/umd.edu/mc2umd/home>

** UM Smith School Business will NOT accept AP STAT 100 as their Business Stat, students must take MATH 117 or BSAD 210 @ MC as a class even if MC has given credit for MATH 117 with an AP Statistics exam score of 3,4,5.

AP Credit transfer policy to Maryland State Public institutions: If a student satisfies a General Education Requirement at Montgomery College w/ an AP score of 3 (example, a score of 3 in Environmental Science @ MC fills a 4-credit Lab Science), then the MD transfer institution should consider a Lab Sci. Gen Ed 4 credit requirement to be filled upon transfer, even if the MD public transfer school does not consider the AP credit to be a General Education course. Students may need to work w/ their MD public transfer institutions to ensure that this policy is applied after transfer.
