What is a Facilities Master Plan?

Goal

- Required by the state every 10 years
- Establish a framework to support the mission and academic vision of the College.
- Address key issues to support enrollment, define space needs, and new facilities initiatives.
- Address the relationship between the College and adjoining business and residential communities.

The FMP will include recommendations and plans for:

- An evaluation of current facilities conditions
- Summarize projected needs
- An overview of the College
- An implementation strategy

work - Rockville

I am staff on the Rockville campus.

Swim team practice and future student (3 or 4 years)

Take continuing education classes and live near the Rockville campus.

I live near TP/SS

I am an employee of a swim team that rents time at the Rockville and Germantown pools.

Rockville & Germantown - pool facilities.

Rockville Campus - work nearby and often drive by, but rarely go onto campus

Projects w colleagues, emails

I am an employee at the Rockville campus and live near the Germantown campus

I am on RV campus for work 4 days a week.

Rockville. I drive to campus from PG county to teach as a full time faculty member

On the PIC MC Foundation Board. Germantown campus.

work at all three

Professor

Germantown by way of PIC MC Rockville through volunteer events Takoma Park for meetings such as MC Foundation

Customer Service support to non-credit students. Communicate with all sites to include Gaithersburg Business Training Center.

Department Chair - all 3 campuses

How have the communities around the College's campuses changed over time?

Increasing urbanization and traffic

Lived very close to the Rockville Campus. Seems like the MCPS Facility next to the campus is underutilized, any chance of transferring the property?

Lots of traffic near East Campus location.

Need for increased access to recreation and Fitness facilities. Community access to fitness centers;/ outdoor community fitness centers/ tennis/pickle ball

fewer students on campus, seems more online courses

Influx of immigrants. English classes are vital and funding for more support specialist is needed.

The entire county is far more diverse. Students are under more pressures. The pandemic has really flattened social lives in the communities.

There is a fair amount of vacant commercial space near the Rockville campus. Very difficult to walk to cafes/coffee from Rockville without having to walk on 355.

There are a lack of walkable food and coffee options near Germantown and Rockville, Limited hours of cafeterias on campus and sold out vending machines.

The college offers "mobile markets" in partnership with the Capital Area Food Bank to distribute food. We need flow or ability to get traffic in and out to them. Job fairs and other events to serve.

more pool hours

Tracks/fitness trails

Traffic has increased

Increased population. Challenge for students to travel to campus.

There's also an under-utilized parking lot owned by MCPS adjacent to the Rockville campus.

Increasing population, especially around the GT campus with new housing development.

Need for more "third spaces" and places to gather outside.

So much traffic on 355 near Rockville campus

Master Plan Drivers

Initial Concepts

Overarching Planning Goals

- **Prioritize Student Success** – through expanded spaces in support student wellness, informal learning/study, dining and amenities, branding, and intuitive wayfinding.
- **Reinvent Existing Facilities** – through renovation and strategic interventions, right size classroom and lab spaces, create faculty hubs, repurpose under-utilized square footage.
- **Expand Access** – provide a touchdown for county services, non-profits and businesses, enhance options for parents and consider both physical and virtual environments.
- **Plan Prudently** – each campus has land use constraints, limiting future development. Project development should consider maximizing future development potential while continuing to create activated, green campuses.

Germantown

- Create a catalyst for PIC-MC
- Leverage & activate green spaces
- Expand utilization at PG

Rockville

- Enhance the pedestrian core
- Enhance arrival and frontage
- Expand development potential

Takoma Park/Silver Spring

- Enhance Takoma Park campus core
- Focus on student amenities (dining, rec)
- Connect to Silver Spring
- Adjacent residential and historic neighborhoods
